Removing Ink Stains.

To remove ink stains from either brass or copper a very simple remedy is required, but it is worth while knowing. Take a piece of ink split on brass or copper, wash and left to dry is a trouble no more. Simply pour a few drops of turpentine on the brass and run with a piece of rag, when the old stain will disappear quite easily. Polish in the usual way.

Killed Value of Old Coins

Old-fashioned copper cents of the years 1817, 1818, 1819 and 1820 were formerly very rare and correspondingly valuable but bags full of them were found in an old bank and the market was flooded.
